

Technical specification

Competition steel shot puts

Warning!

The sports equipment produced by POLANIK is designed for athletics training and use in sports competitions only. Please pay special attention especially when using throwing implements and other throwing equipment, misuse of athletics equipment and implements can cause serious injury. In no event shall POLANIK be liable for any special, incidental, indirect or consequential damages in connection with the purchase or use of POLANIK products or costs over the original cost of the product. Concerning our permanent efforts to improve our products i.e. their quality and aesthetic values, we reserve the right to introduce, without prior notice, constructional changes as well as other modifications in standard colours of the equipment and implements.

Specific warranty terms:

1. The use of the throwing implements is to be done at the properly marked and secured sports facilities designed for that purpose and under supervision of qualified coaches, and according to: the rules of the World Athletics(WA), respective national athletics federation and local safety regulations. Failure to follow the above restrictions results in loss of the warranty rights.
2. The competition shot puts are athletics throwing implements designed for competitions of shot put athletics event. The damages of competition shot puts (scratches, dents and so on) caused by landing on the throwing sector are recognized as a normal wear of the product and are excluded from the warranty.

I. General description and use

Steel competition shot puts are used in competitions and trainings of shot put athletics event. The shot put should be conducted on grass surfaces or similar fields.

II. Technical specification

Type	competition
Material	steel
Filling	mixture of lead and steel fine shot
Processing	turned
Finish	powder painted or unpainted*
Marking	permanent: weight, diameter and producer's brand marking
Diameter allowance [mm]	lower deviation +0,5; upper deviation +0,7**
Weight allowance [kg]	from +0,005 (lower deviation) up to +0,025 (upper deviation)

*covered with petroleum jelly for transport

**for the maximal diameters of the official weights: lower deviation -0,5; upper deviation -0,7

Competition steel painted shot put

Competition steel unpainted shot put

PK-7,26/130	7,26	130	I-17-0844

III. Packing

Shot puts are packed in foil bags and carton boxes.

Shot put boxes are shipped in collective wooden – hardboard cases, their dimensions depend upon orders' quantities.

Cases can be transported by means of forklifts and hand pallet jacks.

IV. Operation and maintenance

The shots are designed to be put in athletics shot put competition and training on grass grounds or alike only. The products must not be used on hard surfaces, like asphalt, concrete etc. Since the shot puts lose their paint (or petroleum jelly protection if unpainted) and their surfaces are gradually damaged by landing on a throwing sector, when not used shots may rust. Therefore during idle periods shot puts should be cleaned, degreased and covered with petroleum jelly. They are to be stored in a dry and roofed place.

V. Declarations

1) No. 2018-11-26_1

2) Issuer's name: POLANIK

Issuer's address: Życzliwa 11, 97-300 Piotrkow Tryb.
